GERMANS SHELL FLANDERS FRONT PREPARING AN ATTACK

Infantry Drive Develops Under Cover of Bombardment of High Explosives and Gas Shells

FEW RAIDS SOUTH OF ALBERT

British Take Prisoners and Four Machine Guns—Attack Near Loere is Repulsed

THEY OPEN FIRE BY SECTORS

Germans Begin Hurricane Bombardment From Ypres South to Lys at Three This Morning

(By United Press.)
Paris, April 29.—Repeated German attacks on Hangard wood were repulsed, the French war office announced today.

Amsterdam, April 29.—The kaiser watched the battle at Kemmel Thursday from an advanced position.

A dispatch from Berlin today stated that the kaiser followed the details of the battle by eyesight and telegraph.

With the British Army in Flanders, April 29.—The French in the Kemmel region who were heavily shelled last night reported a violent bombardment beginning early today.

Later signals indicating an attack, and calling on the artillery for support were sent up from this part of the sector. Two similar calls were received from Ypres and two from Loere.

At three o'clock this morning the Germans began a hurricane bombardment of the British and French line from Ypres south to the Lys. Two hours later the shelling became intense. The Germans were opening fire by sectors beginning at the north.

Practically seven-ninths of the 11 German divisions on the west front have appeared in the fighting since the Hindenburg drive started.

London, April 29.—The Germans were striking on practically the entire Flanders front today. Field Marshal Haig reported, from Meteren to Voromezeele, a distance of more than ten miles. Infantry attacks were developing under cover of a terrific bombardment of high explosives and gas shells.

The southern part of the Flanders front, a ten-mile front, was also under heavy fire.

At the same time the enemy began shelling the British line on the 10-mile front between Lens and Arras—constituting half of the sector separating the Flanders and Picardy battle fronts.

"South of Albert and in the neighborhood of Meneville, we conducted successful raids last night, taking prisoners and 4 machine guns," Haig said.

An attack near Loere was repulsed.

Northeast and east of Ypres, Field Marshal Haig has withdrawn his line to Verlorenhoek and Hooge and has given up famous Hill 60, south of Ypres. On the south the British hold Voromezeele after two days of the most bitter fighting, so that the Germans are still two miles from ruined Ypres, which is being bombarded violently, especially with gas shells.

From Voromezeele westward there has been no fighting as was witnessed in the last week except around Loere, where the French have been stoutly withstanding the enemy. A foothold was gained in Loere Saturday by the Germans, who are reported making ready for another effort to drive the French northward. Loere and the road running northward separate Schaeferpen-

Yankees Are Decorated By French Sunday

Ceremony Takes Place on Hillside Few Miles From Trenches, Men of 104th Regiment and 122nd Massachusetts Forming Three Sides of Square and Leaving Place For Fallen Comrades.

(By United Press.)
With the American Army in Lorraine, April 29.—The 104th regiment and 122nd Massachusetts received the French war cross Sunday afternoon on a hillside a few miles from the trenches, for bravery and valor. This was the first American regiment to receive the cross.

It was an inspiring sight as the entire regiment during the ceremony formed three sides of a square, leaving vacant spaces for their wounded and fallen comrades.

MEN NEEDED TO FILL GAPS IN YANKEE LINE

Very Large Quotas of Soldiers Will be Required, War Department Summary Says

PREPARES NATION FOR CALL

(By United Press.)
Washington, April 29.—Very large quotas of American men will be required in the immediate future for service overseas to fill up the gap inflicted in the West front drive, the war department summary declared today.

This warning apparently was intended to prepare the nation for calls even larger than those listed for the coming month or two.

Admitting the gravity of the situation, the statement declares the crisis up to the present time has resulted "in large measures favorable to the enemy," but pointed out that with joint allied command the Boches have failed in his purpose of wrecking the British army.

LIST CONTAINS 156 NAMES

Casualties Include 18 Killed in Action and 6 Dead of Wounds

(By United Press.)
Washington, April 29.—Two casualty lists of 156 names were issued by the war department today upon receipt of reports from General Pershing.

The casualty included 18 killed in action, 13 dead of disease, 6 dead from wounds, 25 wounded severely, 87 wounded slightly, four missing, two dead from accident and one from other causes.

berg from Mt. Rouge. These two heights are links in the chains of hills running westward from Mt. Kemmel, and the German purpose evidently is to drive the French before them and take the elevations by flank movements.

FATHER IS DEAD

Timothy Lyons, father of the Rev. M. W. Lyons, pastor of St. Mary's Catholic church of this city, died Saturday night at his home in Indianapolis following a long illness. The deceased was eighty-two years of age. The funeral services will be conducted tomorrow morning at ten o'clock at St. Peter and Paul's cathedral with burial in Holy Cross cemetery.

Miss Nelle Retherford spent the day in Indianapolis, visiting friends.

ONE WEEK FOR TAXPAYING

\$100,000 Yet to be Collected on Spring Installment.

Taxes will have to be paid at the rate of \$14,000 a day if the spring installment is collected by next Monday evening, the last chance to pay without the penalty being attached. Collections up to Saturday night amounted to \$225,373.34, leaving \$100,000 to be paid. The office will be open next Friday, Saturday and Monday evenings to accommodate those who can not call during the day. The office closes each afternoon at five o'clock.

SIX HORSES AND 6 COWS LOST IN FIRE

Comparatively New Barn on Roscoe Linville Farm East of New Salem Destroyed Today

QUANTITY OF HAY BURNS TOO

A fire which was discovered early this morning in the large stock barn on the Roscoe Linville farm five miles east of New Salem entailed one of the largest farm losses through fire in that vicinity in several years.

Shortly after midnight the fire was discovered but had already gained such a headway that it was impossible to fight the flames successfully. Six horses, five of which were farm work horses and the other a fine driving horse, and six cows were burned to death. The barn, which was comparatively new was entirely demolished and a quantity of hay which was stored there was destroyed.

The loss was estimated at \$2,500, which was half covered by insurance.

COLORÉD TROOPS HERE SHORT TIME SATURDAY

Eighteen Car Loads Pass Through Enroute to East—Brought from Alabama

SEEM CHEERFUL AND HAPPY

That war does not dim the smiles or dampen the enthusiasm of the southern negro was evident to Rushville residents Saturday afternoon when eighteen carloads of negroes from a southern camp passed through here enroute east.

The passengers of the train greeted the people in the vicinity of the station with the wildest enthusiasm and their high spirits were demonstrated by the songs which drifted back as the train steamed out of the city. "We're all the way from Alabama" called out one of the soldiers wishing to impart as much information to Rushvillians as possible during the limited time they stopped here.

COLORÉD MEN ARE HONORED

Parade To Depot When Two Selectives Leave—\$28.40 Contributed.

The two colored selectives leaving today for Camp Taylor, Ky., were given a demonstration by the colored people of the city. They left at 12:25 over the Big Four, together with five colored selectives from Connorsville and Liberty, who transferred from the C. I. & W. to the Big Four. There was a parade to the depot in honor of the two men, Nathan Wills and James Glass. Their friends carried a flag and the sum of \$24.40 was tossed into it. That, together with \$4 contributed at a celebration in their honor last week made \$14.20 apiece for the two selectives.

LETTER TELLS OF GERMAN LOSSES

Raymond Colestock Behind Battle Line in France Say Huns Are Being Mowed Down

SPRING WORK PROGRESSING

French Women Are Earning, Planting Entire Crops and Using Old-Fashioned Implements

"Although we have recently been moved back from the lines and positions we were holding for some time, reports come to us daily from the men at the front that our forces are mowing down the Germans by the thousands."

This convincing statement was contained in a letter received a few days ago by Mr. and Mrs. John Colestock from their son, Raymond, who until recently has been with a regiment of infantrymen in the front line trenches in one of the American sectors along the French battle front. The letter contains an interesting account of his life while on a short rest from the strain of the front line trenches.

"I am billeted in a small French village," stated young Colestock. "My bunk at this time happens to be a hay loft, as is the case with most of the men. I am rather lucky at present, however, for I have enough straw to make a most comfortable bed."

"The spring farm work here has been in progress for several weeks and is being done almost altogether by the women who have learned to do all of the work formerly done by the men. It is a common sight to see them busy at work in the fields from daylight until nightfall."

"The sacrifices being made by the French women are wonderful, as uncompromisingly they tussle with a man's work with most successful results. They place collars and traces on their milk cows, using them for all kinds of work and often I have seen them plowing with a yoke of oxen and one horse or one cow and one horse."

"The plows they use are of a very old style and have a two wheel truck under the beam which speaks for the almost ancient implements which are being used."

EIGHT LISTED FOR VOLUNTARY INDUCTION

Names Are Sent in by Army Selection Board and They Will Be Called As Needed

MORE STATISTICS WANTED

Eight Rush county registrants were listed for voluntary induction into the army under the call of one week ago Saturday which closed Saturday. The names of the registrants and the places they want to fill have been forwarded to the state conscription agent and they will be called as needed by the army authorities.

John V. Gates of Carthage was listed as a commissary storekeeper; Thomas Cooning of this city, as a railroad clerk; William Stephens and Harry Cripe, both of this city, as chauffeurs; Raymond Hunsinger and Orville Kirkham of Mays as auto mechanics; and Guy McBride and John Goode of Mays as clerks.

The county army selection board has a request from the state conscription agent for more statistics on the draft. He wants to know the number of colored and white men in each class and the number of colored and white men held for limited service; also the number of cases pending before the district board. There are only two from Rush county to be acted upon yet.

SATURDAY SETS A RECORD

156 Voters Register, Making Total of 1091 in Three Weeks

Saturday set a new record for the number of registrations by voters to qualify for the fall election. One hundred and fifty-six registered on Saturday, making a total of 478 registered last week, which was almost half of the total registration to date, 1091. The board has been in session three weeks and is elated at the way men are responding. Voters living in Rushville are urged not to register on Saturday because so many farmers visit the board on that day.

MRS. EDGAR RIDOUT DIES IN INDIANAPOLIS

Funeral of Former Rushville Woman, Who Left Here Two Years Ago, to be Held Tomorrow

HUSBAND AND 3 CHILDREN

Mrs. Della Ridout, 41, wife of Edgar Ridout, died Saturday shortly after noon at her home in Indianapolis. Death was due to a complication of diseases.

The deceased, who was a native of this county, made her home in this city until two years ago when the family moved to Indianapolis for residence. For several years previous to this Mr. Ridout was connected with the Central Fuel Gas company of this city. She is survived by her husband, one daughter, Mrs. Margaret Innis and two sons, Earl and Leon Ridout, all of Indianapolis.

The body will be brought to this city tomorrow morning and taken to the home of Mrs. Omer Tabagh, sister to the deceased, where the funeral services will be conducted at 2:30 in the afternoon after which burial will be made in East Hill cemetery. The Rev. John T. Aikin will have charge of the services.

TRANSPORTS DAMAGED IN A COLLISION AT SEA

Two Vessels Are Returned Safely to Atlantic Port and no Lives Are Reported Lost

BOARD OF INQUIRY ON THE JOB

(By United Press.)
Washington, April 29.—Two American transports were damaged in a collision at sea the navy department announced today.

Both vessels have returned safely to an Atlantic port and no lives were reported lost.

The two vessels were under convoy and running without light when the accident occurred the announcement stated.

A board of inquiry will be appointed to make a thorough investigation, Secretary Daniels announced.

TIME LIMIT IS EXTENDED

Red Cross War Histories May be Ordered All This Week

The time limit for ordering the Red Cross county war history has been extended to Saturday. It was announced several days ago that no orders would be accepted after May 1, but May 4 instead will be the dead line. The time was extended because some difficulty is being experienced in compiling a list of Rush county soldiers. Orders for the books should be placed this week because once the printing begins, the number to be printed can not be increased and those who have not ordered and want one will be disappointed.

LAST WEEK OF THE LOAN DRIVE OPENS

It Will be Ushered in Largest Patriotic Demonstration of the Campaign Tonight

CLARIS ADAMS SPEAKS HERE

Boy Scouts Find Towns of County Well Canvassed—Will Continue Drive This Week

ENTHUSIASTIC MAYS MEETING

Township Passes Its Allotment But Will Continue Campaign—Woman's Work Praised

Rush county has entered its fourth week of the campaign for Liberty dollars with hopes soaring high that the final week will be marked by the loan quota passing the last objective—the fifty percent oversubscription.

With this end in view Rushville residents will view the largest loan demonstration in the county, since the opening of the third drive, this evening when patriotic addresses and music will mark the meeting to be held in the Graham Annex auditorium beginning at 7:30.

Douglas Morris will preside and following a musical program Clarice Adams of Indianapolis, a prominent young public speaker will deliver the address. The auditorium is being decorated appropriately for the occasion.

The feature of the musical program which will be given by the boys glee club and girls glee club of the high school will be the rendition of the patriotic song "Sammy Boy" which was composed by Mrs. Lon Kennedy of this city. War pictures will also be shown.

The meeting arranged for Jackson township for tonight has been called off in order that the people of that vicinity might attend the meeting here. The meeting was to be addressed by J. A. Titsworth and S. L. Traube as the final addresses of the series of township patriotic meetings.

Honor flags were distributed among the bond holders of Center township at the meeting which was held in the Mays opera house Saturday evening. The report of the canvassing committee of that township disclosed the splendid record which had been made there. At the beginning of the last week of the campaign \$46,000 worth of bonds had been purchased by Center township residents, and although the goal set at the opening of the campaign has been reached, the work will continue until the official close of the drive.

Douglas Morris and Gates Ketchum delivered patriotic addresses during the evening.

Although the woman's organization of the Rush county Liberty loan is in sight of the excess quota, it was announced today that a final push would be made during the last five days of the campaign and a big effort would be made to obtain the necessary \$33,875 to complete the quota of \$185,625.

More than nineteen hundred dollars was added to the fund by subscriptions Saturday and during the remaining days the chairman of each township will make a "clean-up campaign," the purpose of which is to gather up a few of the indifferent residents of each vicinity and give them a final chance to subscribe to the loan.

A letter of congratulations for the excellent work accomplished among the women in Rush county was received today by Miss Anna Bohannon from Maybelle C. Pettigrew, state chairman of the women's work.

REPORT IS FOUND UNTRUE

Story of Private Myers' Leg Being Shot Away Not Substantiated

There apparently is no truth in the rumor being circulated today, which was to the effect that Private Clarence Myers, the first Rush county boy to be wounded in France, had lost one of his legs. He was reported in the casualty list to be wounded in action. The story going the rounds was Charles Harton of Milroy had been notified Myers' leg had been shot away, but no such news has been received by Mr. Harton.

ELOPES WITH HIS PUPIL

Newcastle Music Teacher Arrested Under White Slave Act

(By United Press.)
Indianapolis, Ind., April 29.—Howard Garver, a teacher in the Newcastle Conservatory of Music was held by federal authorities here today charged with violation of the Mann white slave act following an elopement with Clara Thompson, 16, of Newcastle, one of his pupils. In the affidavit sworn out, Garver said he had intended to marry the girl when they arrived but the authorities stopped him before he could earn money to get a license.

IN HANDS OF A RECEIVER

Swartz Electric Co. Had Many Rush County Stockholders

Local stockholders of the Swartz Electric company of Indianapolis have learned that the company has gone into the hands of a receiver and that there is danger of them losing a large part of the money they invested in the concern. One Rush county farmer estimated that \$100,000 of Rush county money had been invested in the concern. Salesmen have been here a number of times in the last few months selling the stock.

SPEAKS IN INDIANAPOLIS

Judge Will M. Sparks addressed a patriotic meeting which was held in connection with the liberty drive at the Broadway Methodist church in Indianapolis last night. "Patriotism" was the subject of the address in which Mr. Sparks discussed the sacrifices the stay-at-homes must make for the fighting Sammies.

The Food Administration Says:

What one person does does not amount to much, but when it is multiplied by 100,000,000 it amounts to a great deal. For instance, if every family had one wheatless meal each week, the saving in a year would amount to about 90,000,000 bushels of wheat. Peace won't solve the food problem. There will still be food scarcity after peace is declared—for a long time after. When peace is declared we will have not only to help feed our Allies, but those countries which are now our enemies. America will not be indifferent to their hunger when peace is declared.

CHARGE MADE IN CONGRESS

Sen. Brandegee Demands Probe of Alleged Criminal Neglect

(By United Press.)
Washington, April 29.—Demands that congress look into charges of shameful profiteering, criminal neglect and gross inefficiency in carrying on America's war program was made in the senate today by Senator Brandegee of Connecticut. The report of Justin Borah, President Wilson's investigator, was submitted by Brandegee. He demanded that there be an immediate move to determine if Borah's charges are true or false.

County Auditor.

We are authorized to announce the name of George W. Mayhew as a candidate for County Auditor of Rush County, subject to the decision of the Republican primary election, May 7th, 1918.

Dry Law as Crime Reducer

The Indiana Anti-Saloon League has compiled a lot of statistics from Indiana cities showing what a crime reducer the state prohibition law is although it has been in operation less than a month. These figures, from April 3 to 21 inclusive, compared with the same days in March while the state was still wet, reveal that the prohibition is proving efficient, contrary to the stock argument of the brewers and distillers that more whiskey and beer is consumed in dry territory than in wet.

Summing up the facts which have been gathered by the League, the following is gleaned: From 23 former wet cities of this state, there were 99 women arrested during the 19 wet days of March, 20 for intoxication. During the corresponding period in April, 75 women have been arrested, two only of whom were arrested for drunkenness.

During this same period in these 23 cities, 1404 men were arrested for all causes during the 19 wet days in March, of whom 390 were arrested as drunks. During the same period in April these 23 cities totaled 905 arrests for all causes, of which number 118 were for drunkenness.

In other words the number of women arrested for crimes of all kinds during the first 19 prohibition days of April showed a decrease of 24 percent as compared with the corresponding wet period in March. The arrests for drunkenness among women were reduced 90 percent.

The arrests of men for all causes, with the exception of the violation of the vehicle law in Indianapolis, have been decreased over 35 percent and the decrease in the number of arrests for intoxication has been nearly 70 percent.

We submit these facts because of their tremendous significance and their value to friends of the cause of prohibition.

During the wet period the city of Clinton had 30 drunks, four of whom were women, and during the dry period indicated above the total number of drunks in that city was only three, none of them being women.

Richmond during the wet period arrested two women for drunkenness and 56 men for all crimes, of which number 34 were for drunkenness. During the 19 dry days two women were arrested in that city for statutory offenses, but not for drunkenness, and the total number of men arrested were 31, of whom 17 were drunks.

In the city of Ft. Wayne there were 153 arrested for all causes during the 19 wet days in March, of which 45 were for drunkenness. During the corresponding period in April there were only 56 arrests in that city and of these 13 were for intoxication.

In Muncie during the March period there were two arrests of women, one of them being for intoxication, and 22 arrests of men, of which eight were for drunkenness. During the same period of April, four women were arrested, none of them for drunkenness, and four men of whom three were for intoxication.

During the wet period there were 31 arrests for all causes in Lafayette of which 25 were for intoxication. During the April period there were 14 arrests for all causes, one of them being a woman, and four of the number were for drunkenness.

In Logansport during the wet period there was one woman arrested for intoxication, and 42 men for all causes, 29 of them being for intoxication. No women have been arrested in the April period, but there have been 25 men arrested, only four of them being for intoxication.

Draft Loyally Supported

Reports received from the Local Draft Boards and compiled in the office of the Provost Marshal General show that with the exception of a few widely scattered and practically negligible communities, the public has cordially and loyally supported the Boards in their work of raising an Army for Uncle Sam. Willingness on the part of young men of draft age to serve was generally applauded, say the Boards, while false or exaggerated claims for exemption or discharge brought upon the claimants the contempt of their neighbors.

So pronounced was the effect of this attitude on the part of the public that in some communities, the privilege of exemption or discharge was generally waived by the registrars.

Celebrates Ninetieth Birthday

John B. McCullough, formerly of Rush county but who now lives in Wapello, Iowa, celebrated his ninety-ninth birthday in Wapello, Tuesday, April 16. The day was made the occasion for a family reunion and all of Mr. McCullough's living children were present. As a remembrance of the occasion the children presented him with ninety dollars in gold, one dollar for each year. Mr. McCullough was born in Rush county Apr. 16, 1828 and is now the only survivor of the family of eleven children. In 1848 he purchased land from the government in Grant county, Indiana and lived here with his wife who was Margaret R. Wright until 1864, when he moved to Warren county, Illinois, near Monmouth. His wife died in 1870 and two years later he was married to Miss Mary Davison of Wapello. In 1881 he moved to Wapello where he remained and was in the lumber business until he retired. Mr. McCullough during his residence in Wapello, has been one of the leading figures of the community, being a successful business man and a model type of citizen.

It is also gratifying to find that a pronounced majority of the Boards reported that but few unfounded claims for exemption or discharge were filed, and that exaggeration in the statement of claims was not serious.

The filing of an honest claim for exemption or discharge does not mean, of course, that the claimant is unwilling to serve his country. In dependency cases, it means, ordinarily, that the claimant feels it to be his duty to stay at home and support his family until the supply of men without dependents is exhausted. In "necessary industry" cases it means that the claimant or his employer feels that he is of greater services to his country, for the time being, at least, in his civil occupation.

Of 3,082,049 persons called, 1,360,570, or just about 50 percent, made a claim of exemption or discharge on the ground of dependency, alienage, discharged vocation, religious objection, or employment in necessary industry. Of the claim filed, 1,215,049, or 78 percent, were granted.

The state in which there was the highest percentage of claims for exemption or discharge was Kentucky, while the record of the lowest percentage of claims is held by Montana. The state having the highest percentage of claims granted was Connecticut, and the state with the lowest percentage was Mississippi.

No attempt will be made by the Merchants' Economy committee of the Indiana State Council of Defense to regulate the hours during which stores in smaller towns shall do business. This decision was reported to the council and approved by it, after an investigation had been made, at the request of merchants and others interested in a number of rural communities. This is a wise decision for such an attempt would likely cause some trouble in rural communities where farmers must trade in the evening during busy seasons.

If words would win the war, there are people in this community, and in all others no doubt, who would be capable of doing yeoman service. But words will not win. Talk is said to be "cheap," but in the present emergency we are restrained to believe it comes very high. What is needed now is not words, but deeds. Get down to business, and brass tacks. Hustle. Raise something to eat, or do something to supply some other necessity. Work, work, and keep on working, and let the words stay in the dictionary. They're not needed.

Don't get the wrong angle on this "Liberty Loan." It doesn't mean that you do the loaning. It means that your government proposes to loan you the opportunity of investing your spare means in a proposition as sound as the Rock of Ages. It means that the opportunity of your life is offered you to gather to yourself your portion of national honor and glory. It means that probably for the first time in your rather careless life you have the chance to become a really necessary cog in the great wheel of progress. It's the turning point in your life. So, be sure you make the right turn.

BARGAINS ARE ALWAYS ADVERTISED

A Woman's Burdens

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weaknesses, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years, in cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical time of life, in bearing-down sensations, periodical pains, ulceration, inflammation, and kindred ailments, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper. All druggists. Liquid or tablets. Tablets, 60 cents.

ELKHART, IND.—"After becoming a mother I could not gain back my strength. I was extremely nervous and became very weak; was in a general run-down condition and two bottles of Favorite Prescription built me up in good health, cured me of all nervousness, and my general health was better than it had been for some time. I can recommend 'Favorite Prescription'."—Mrs. G. E. TIMMERMAN, 513 William Street.

OBITUARY

Bert Aldridge, son of Mr. and Mrs. Braken Aldridge was born in Rush Co., April 29, 1881, and departed this life April 13, 1918, age 36 years, 11 months and 16 days. With the exception of three and one half years, which he spent in Tipton Co., he lived here, on his grandfather's farm.

On September 6, 1905, he was united in marriage to Hattie Sampson. To this union was born two children: one son having died in infancy, and one daughter, Alice, age 7 years, who with a devoted and loving wife, father, two sisters, Minnie Conley of Kokomo, and Myrtle Renegar, of near Carthage; two brothers, Walter of Rushville, and Shirley of Sisseton, S. D.; three half sisters and two half brothers, are left to mourn their loss.

His mother died April 14, 1886, while he was but a child and was buried on the same day of the month as he, April 15, 1886.

He joined church at Milroy, June 25, 1905, and remained a member of that church until his death.

He was taken sick October 16, 1897, an illness which lasted two years. In this last ailment, which probably, resulted from the first, he was ill one week at home and two weeks at the sanitarium.

The greater part of his life before his marriage was spent with his aunt Miss Malissa Aldridge, who preceded him in death.

He was a true and loving husband, an affectionate father, and esteemed by all his friends and neighbors. Do not grieve for the body, when the soul is at rest:

When physical pain has been stilled,

When the brow is not clouded with sorrow nor care,

And it's just as our Father has willed.

'Tis sad for the dear ones, who are left here alone,

But 'tis pleasure to know that the spirit has flown—

Where sin never enters and pain is unknown.

He has gone to his mother and God.

CARD OF THANKS

Mrs. Bert Aldridge and little daughter Alice, sincerely thank the many friends for their kindness and sympathy shown during the illness and death of our dear husband and father. Especially do we thank the friends for the beautiful floral designs and for the good care his doctors and nurses gave him and for the song that Brother Black and wife sang and also for the comforting words Brother Black spoke and also Brother Wyatt and son for their services.

MUST BUY COAL FOR NEXT WINTER

Because Mines Are Turning Out Only 60 Percent of Capacity People Must Lay in Supply

STATE COUNCIL OF DEFENSE

Will Assist in Equitable Distribution of Power Tractors Among Farmers of Indiana

"In view of the reduced output of coal from Indiana mines, consumers of such steam and domestic fuel, are advised by the Indiana State Council of Defense, to buy and store the coal they will need for next winter. A resolution, to that end, was adopted by the council, after a report had been made by Will J. Freeman, chairman of the coal production committee, at the meeting of the council this week. Mr. Freeman stated that the Indiana mines, due to the ear shortage, are turning out but 60 percent of their capacity, and that conditions threaten a repetition of last winter's experience.

The council went on record as supporting the policy laid down by the authorities at Washington, relative to road building. This opposes the beginning of any new construction and urges exercise of common sense in reference to completing work now under way. The council agreed to appoint a committee to assist in the federal program for maintaining roads in conditions conducive to and such as to facilitate motor truck transportation. The same committee will encourage the plan of "return loading" which is expected to further utilize all motor trucks which ordinarily return without freight. This is to assist in relieving the demands upon railroads.

The council went on record as favoring the continuation of vocational education work in the Indiana schools, during the vacation period, to meet the demand of the nation in its war organization.

The council withheld indorsement of the War Chest fund plan, presented by request by A. W. McKeand, of the Indiana Chamber of Commerce, holding such enterprises within the province of each community for approval. The Chamber reported an investigation as to the Hartford City, Ind., glass plants which since their suppression as non-essential industries are desirous of securing war work.

The council will assist in an equitable distribution of power tractors among Indiana farmers, it being announced that 100 probably will be available. The committee on food production and distribution will co-operate with the representatives of the tractor manufacturers.

George Ade reported an arrangement for the return to Washington of the war films, which were recently purchased by the council, at the request of the Committee on Public Information. The films, which have been shown in Indiana cities, have been found a disappointment, both as to timeliness and subject matter. The National film distribution service will be reorganized.

The council adopted a resolution pointing out the patriotic duty of

IN RUSHVILLE EVERY STREET

Has Its Share of the Proof That Kidneys Sufferers Seek

Backache? Kidneys weak? Distressed with urinary ills? Want a reliable kidney remedy? Don't have to look far. Use what Rushville people recommend. Every street in Rushville has its cases.

Here's one Rushville man's experience.

Let M. Conner, cigar mfr., 1001 N. Harrison St., tell it. He says: "I had backaches and pains through my kidneys. My kidneys acted irregularly. Doan's Kidney Pills stopped the pain in my back and regulated my kidneys."

NO TROUBLE SINCE

More than three years later, Mr. Conner said: "I haven't had to use Doan's Kidney Pills since giving my former endorsement, telling what they did for me. I believe the cure is permanent." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conner had. Foster-McMillan Co., Mfrs., Buffalo, N. Y. (Adv.)

STRAY ANIMALS NOT TO MOLEST GARDENS

State Food Administration Takes up Matter of Saving Gardens From Ravages as War Measure

WILL NOT BE TOLERATED

War gardens are being assured of protection from dogs, cats, chickens and live stock, as a result of the suggestion that has gone out from Dr. Harry E. Barnard, federal food administrator, to the mayors, marshals, councilmen and boards of trustees of Indiana cities and towns that they enforce existing statutes against permitting these sources of destruction from running at large, or if ordinances are lacking, enact such as are necessary without delay, as war measures.

Many cities and towns have failed to enforce existing ordinances to such an extent that gardening was very discouraging business, last year, Dr. Barnard states. This year, in view of the universal appeal for war gardens and the patriotic response, the state food administrator is determined to exercise every available influence to the end that there be no destruction of food stuffs due to the negligence of the owners of straying fowls or animals.

CHRISTIE HAS BEEN NAMED SECRETARY

Director of Extension Work in Indiana Appointed Assistant to Cook After Farm Labor

TO VISIT INDIANA OFTEN

Washington, Apr. 26—G. V. Christie, Director of Extension Work in Indiana, has been appointed Assistant to the Secretary, effective April 15, 1918. Under the immediate supervision of Assistant Secretary Ousley, Mr. Christie will direct the activities of the department in connection with the farm-labor problem.

Mr. Christie will visit Indiana from time to time as the demands there necessitate, and he will also keep intimately in touch with the work in Indiana through the States Relations Service in Washington. There will be no vacation by him of the Office of Director of Extension Work in Indiana, and he will assume the duties of that position either when the necessities there require or the emergency here permits.

employers to refrain from discriminating against men of draft age and who are awaiting induction in the army. An apology from an Indianapolis employer, whose superintendent discharged an artillery man for participation in the Liberty day parade was accepted by the council with the assurance that there would be no further cause for criticism.

NO PREMIUMS ON ANY WHEAT PRODUCTS

State Fair Association Adopts Policy to Discourage Use of Grain Which Is Scarce

TO ENCOURAGE SUBSTITUTES

Indianapolis, Ind., April 26.—No premiums will be offered at the Indiana state fair this year for products made from wheat flour, according to an announcement by the Indiana state board of agriculture. The board was the first to comply with the request of Dr. Harry E. Barnard, federal food administrator for Indiana, that such products be not exhibited, but that substitutes be encouraged instead.

In place of the usual array of bread, cakes and pies made from wheat flour there will be the same products made from flour substitutes according to war time formulas. The same premiums will be offered as for wheat flour products, but the makers must adhere to the rules of the food administration regarding the proportions of flour substitutes which must be used. The request that this action be taken has been sent to all fair associations and Dr. Barnard expects a 100 per cent compliance.

To the Voters of Rush County

It being impossible to see every voter personally, I respectfully solicit your vote at the Primary, May 7th.

VOTE FOR CHARLES OEWN

OF ORANGE TOWNSHIP

Republican Candidate for County Commissioner Southern District

PRIMARY MAY 7th

HIS NUMBER ON THE BALLOT WILL BE 18

He was candidate for nomination for commissioner in 1916 primary and received a majority of 54 votes in the county over his opponent, Harry (Hal) Gosnell and was defeated by 35 votes by his other opponent, John E. Harrison, who is a candidate for his third term.

HIS BUSINESS QUALIFICATIONS—He served as Trustee of Orange Township from 1908 to 1914. At that time he was the first Republican Trustee elected in previous twenty years. He has served as administrator for many estates for friends and neighbors; also was Secretary and Treasurer of the Moscow Gas Co. for a number of years, as well as Secretary and Treasurer of the building committee of the Moscow Christian Church. He is the Bankers' Chairman of the Liberty Loan of Orange Township, and has raised more money for the Red Cross and Y. M. C. A. than any three men in Orange Township.

REFERENCES—Any Bank, Banker, Business Men, Citizen or his records as trustee of Orange Township.

The Want Ad Column Should Interest You Every Day

The junior class of the Falmouth high school entertained the senior class at a reception in the school house Saturday evening. The rooms were attractively decorated with red and white, the colors chosen by the senior class. About forty couples were present and spent the evening dancing and playing games, the music being furnished by the high school orchestra. Dainty refreshments were served at the close of the evening. The members of the senior class are the Misses Frances George, Florence Elliott and Ozetta Frye and Davis Nelson. The commencement exercises will be held May 28 in connection with the Connersville commencement.

The marriage of Mrs. Alma Casady Winship and Richard A. Fleehart, took place quietly Sunday evening at the home of the bride, only the immediate relatives being present for the ceremony which was read by the Rev. D. Ira Lambert of the First Presbyterian church. The bride wore a blue silk suit and carried a bouquet of bride roses. Mr. and Mrs. Fleehart will be at home at the country home of Mr. Fleehart west of Rushville, which was formerly the home of the bride's father.

Mr. and Mrs. Joel M. Harrold entertained at their home yesterday with an informal dinner party. Dinner was served at noon and covers were laid for Mr. and Mrs. Wade Sherman, Edward Sherman and son Ryland, Scott Conde, and Charles Sherman.

The engagement of Miss Marie Kelly, daughter of Mr. and Mrs.

Notes On Activities Of Federated Clubs

Mrs. O. H. Downey of Charubus, Indiana Editor of the Federation Magazine has found it necessary to be absent from the state for an indefinite period. For the present her work will be in charge of the state class chairman.

The following district conventions will be held next month: May 14, Lebanon; 15th, Greenfield; 16th, Indianapolis; 17th, Bluffton; 22nd, Vincennes; 23rd, Salem; 25th, LaPorte; June 1st, Mt. Vernon.

As a feature for Children's Year and in keeping with the patriotic work for the program the Woman's club of Michigan City will entertain the mothers of small children for their guest meeting in March. Mrs. Ruth Ross Herman of Kokomo will talk on Montessori training for children.

Mrs. Frederick Krull of Indianapolis, president of the Indiana Vassar club, desires to call attention to the Vassar Nurse camp in session from June 24 to September 13, and open to women who have graduated from universities since 1909. The Indiana Vassar club hopes to raise a fund sufficient for a camp scholarship. Miss Lathrop says this is the greatest single step in the advancement of public health ever taken in this country. You hope the war will be over before two years when you could go as Red Cross nurse, but war service will not end when Hindenburg has surrendered. There will be need to be directors of public health nursing, military hospitals, Red Cross work, and a moral obligation to be of service to humanity is long as you live. Is it considered that these women who have had recent intensive training can easily make a course in two years which under ordinary conditions would require three years.

Social Calendar

Tuesday

Tri Kappa Sorority with Miss Fanny Stiers, in evening.

Loyal Daughters of the Main Street Christian church with Miss Edith Brown, 601 North Main Street in the evening.

O. N. T. Club with Mrs. G. W. Osborne, 406 North Harrison street.

Psi Iota Xi with Mrs. Will Carter, 930 North Main street, in the evening.

Stephen Kelly of North Harrison street and Charles E. Harkins of Chicago, has been announced. The wedding will take place early in May.

Mr. and Mrs. Morris Winship entertained with a family dinner yesterday honoring the birthday of their grand daughter, Margaret Winship. Covers were laid for Mrs. Elizabeth Pearsey, Will Pearsey and Horace Pearsey and Mr. and Mrs. Will Winship.

James E. Watson's Sunday school class of St. Paul's M. E. church will hold an important business meeting tomorrow evening at 7:30 with Mrs. Clara Bebout. All of the members are urged to be present.

The Ladies' Aid and Missionary Societies of the Baptist church will hold a joint business meeting in the church on Wednesday afternoon. Every member of the societies is urged to be present.

The Misses Dorothy Sparks, Dorothy Mulno and Marjory Thomas have returned from Greencastle where they attended a Kappa Kappa Gamma house party over the weekend.

The members of the Knights of Columbus lodge will entertain on Thursday evening at their hall with a card party. The members and their friends are invited.

The members of the Psi Iota Xi will hold their regular meeting Tuesday evening with Mrs. Will Carter at her home in North Main street.

The Happy-Go-Lucky club will be entertained by Mrs. Ira Clawson at her home in West Seventh street Wednesday afternoon.

Mrs. George W. Osborne will entertain the O. N. T. Club at her home, 406 North Harrison street Tuesday afternoon.

Mrs. Bert Mullin will be hostess to the evening card club this evening at her home in North Perkins street.

The Tri Kappas will meet tomorrow evening with Miss Fanny Stiers at her home southeast of the city.

Days Pickings

The Western Horesman Co. has filed suit in the circuit court against Dagler Bros. on a note for \$230.

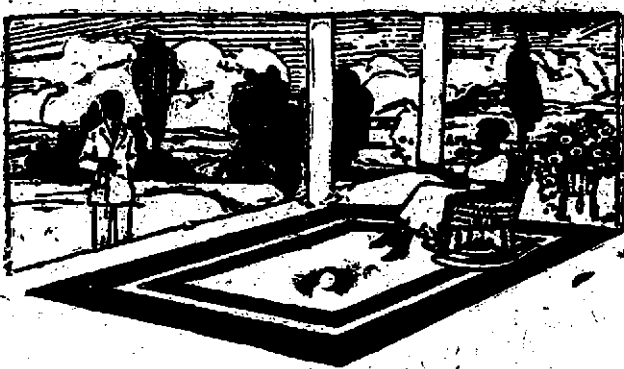

Miss Elsie Frazer has accepted a position as teacher of commercial work in the schools at Salem, Ind.

Harry J. Becher has filed suit in the circuit court against George Gray on an account to received \$360 for work and labor performed.

George W. Hall, former sheriff of Rush county and democratic candidate for mayor of Rushville in 1912, is seriously ill at his home in Dunreith.

The Western Union Telegraph Co. has bought \$3,000,000 worth of bonds of the Third Liberty loan, according to word received at the local office of the company.

Can Until You Can't

The Mauzy Company

Do Your Bit In The Garden

TO MAKE DISTRICT THE FOREMOST ONE

Representatives of Nine Counties to Discuss Red Cross Drive at Meeting Wednesday.

IT WILL BE OPENED ON MAY 20

Women's Part in War Fund Campaign to be Explained by Mrs. Hugh McGibeny.

Reports from the Red Cross executive committees in the various counties to be represented at the district meeting to be held here Wednesday afternoon indicate that each county is making arrangements to send a number of their best representatives.

Preparations are being made by E. B. Thomas, county chairman and other Red Cross executives to make this district foremost in the Red Cross campaign which will mark the week of May 20 and at the meeting, various schemes will be advanced whereby the drive may be carried on with the success which has marked similar drives during the past year.

Nine counties will be represented and at the meeting which will begin promptly at 1:30 in the First Presbyterian church, many of the state officers as well as those of the district will be present to address the meeting and offer assistance in the making of the preliminary plans for the drive.

In addition to the plans for the Red Cross drive matters of general administration will be discussed and any executive difficulties which have arisen in various counties will be brought up in an attempt to eliminate the difficulty.

The women's Red Cross work as well as the women's part in the coming drive will be discussed by Mrs. Hugh McGibeny of Indianapolis. A luncheon will be served to the out-of-town guests at the social club at noon.

two o'clock at the home of Perry Innis in Milroy after which burial was made in the Milroy cemetery.

Howard Miller, son of Mr. and Mrs. Herman Miller who is in training for service in the naval aviation, has successfully completed his ground work at the Boston technical school and left Saturday for Key West, Florida to continue his studies.

An interesting meeting of the Monday Circle was held this afternoon at the home of Mrs. J. B. Kinsinger. Mrs. Clara Lambert read a paper on "Shakespeare's Use of Mistaken Identity" and Mrs. Minnie Abercrombie on "Shakespeare in Art."

Herman Osborn, son of Mrs. Lillian Osborn of West First street, who has been attached to the 303 bakery department of the quartermasters corps at Camp Shelby, Miss. has received an honorable discharge and arrived home yesterday. Several months ago Osborn suffered a severe attack of spinal meningitis which left him in a weakened condition.

HOLD INSTITUTES TO INSTRUCT VOTERS

W. C. T. U. Has Printed Complete Explanation of Primary Law in Question and Answer Style

REFERS TO MAY 7 ELECTION

(By United Press.)

Indianapolis, Ind., April 29.—Before May 7 the W. C. T. U. will hold institutes for the instruction of voters in the primary law. These will be held wherever they can be organized. This was the announcement today by Mrs. Stella C. Shinson, Terre Haute, state superintendent of suffrage for the W. C. T. U. of Indiana.

The W. C. T. U. has had printed a complete explanation of the primary law in question and answer style, as the law refers to the May 7 elections. Mrs. Shinson said:

"Without good nominees we cannot put good men in office. These are the things we are trying to impress at the institutes and these are the things women are being asked to impress upon husbands, fathers and brothers who vote."

WILL GET A COMMISSION

Paul Root Graduates at Camp Lee—His Brother at Vancouver

Sergeant Paul Root, formerly of this city, has been recommended for a commission after graduating from the officers training camp at Camp Lee, Virginia. He is on a furlough now and is visiting his parents, Mr. and Mrs. W. R. Root of Piqua, O.

Sergt. Root's brother, L. M. Root, also formerly of Rushville, is stationed at Vancouver, Wash., as an enlisted man in the spruce production division of the aviation corps. He has indicated in recent letters that he will not be there long.

ESCAPES MADMAN'S AXE

Victor, N. Y., April 27.—Awakened by the sound of the blows which a madman rained with an axe on the body of her parent who lay beside her, Wilma DeBow warded off the blows he struck at her and pleaded with him until he consented to spare her.

WEATHER FOR THE WEEK

Washington, April 29.—Fair and cool weather is indicated during the first part of the week, and warmer weather with showers Friday or Saturday.

Red Cross Notes

The ladies of the Baptist church will sew at the Red Cross Tuesday afternoon. A large attendance is desired.

The W. R. C. will sew at the Red Cross Tuesday afternoon. All of the members are urged to attend.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels. Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with indigestion, you should take Olive Tablets, the substitute for calomel. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramping or pain. Take one or two at bedtime for a week, so you can eat what you wish. At 10c and 25c per box. All druggists.

No. 17

SOME GARDEN INSECTS, MAY BE CONTROLLED BY SIMPLE METHODS

Garden crops suffer from the ravages of insect pests from the time the seed is confined to Mother Earth and after it has sprouted until it is harvested. Injury is effected by insects of many distinct species, of which at least 100 forms are of importance in the vegetable garden throughout the United States.

In the planting of seeds or setting out the garden, particular attention should be given to guarding against insect attack throughout the growing season. Due care should be taken that the proper location for each crop be selected, that the requisite amount of sunlight and heat be secured, and that the soil be not already infested by insects. Attention should also be given to deep plowing and pulverizing the soil where necessary. Due care should also be taken in regard to the seed, that it may not be infested by insects which will attack the plant after it has made some little growth, such as the bean and pea weevils.

After these questions have been solved the next problem is the question of weather, which not only affects the growing crop, but has a decided influence on the abundance or scarcity of insect foes.

Mechanical Methods

For garden insects there are several control methods that do not require the use of insecticides, but too much must not be expected from

them. They are useful for the control of some forms of pests and of no value for others. Among these are hand picking, "bugging" or beating, collecting in nets and in hopperdozers, plowing and ditching, trapping and driving.

Hand picking—Hand picking is useful for large, comparatively inactive insects such as the Colorado potato beetle, cut-worms and other caterpillars, and the squash bugs. It is also of use for removing egg masses of these and other insects. This is one of the most primitive methods of controlling insect pests, but it is a simply impossible remedy against many minute insects, such as the smallest flea-beetles, leaf-hoppers, and plant-lice, or mature and active grasshoppers.

"Bugging" or beating—Another method is jarring or beating insects from low plants into large pans of water on which a thin film of kerosene is floating. The water prevents the insects from escaping, and the kerosene, being on the surface, kills the insects with which it comes in contact. The largest milk pans are excellent for this purpose; and a very handy beater can quickly be made by cutting a bough about 2 feet long from a pine tree or other brush.

Have You Ever "Bugged Potatoes? If Not Learn the Procedure From These Boys.

Cloth covering—Covering with cloth is an old remedy against the striped cucumber beetle, when the cucumbers are quite small, and for the protection of onions, cabbage, and other plants from root-maggots. A cheap covering may be made by using a frame made by cutting a barrel hoop into two pieces, which are then placed at right angles to each other, and the lower end is inserted into the ground with the curve upmost. This is covered with cloth of strong material and is held in place with earth placed around the edges to prevent the insects working under it. The cloth should be rather fine for this purpose. After the plants have attained some growth the covers may be removed, and if care is taken they may be used another year.

Other coverings are also used for the protection of valuable plants against the striped cucumber beetle and insects of similar character. A cover such as is used for protecting foods against flies is useful for this purpose.

Trapping—Trapping by different methods is practiced with some degree of success. For this purpose old boards, shingles, and chips are of value, and if employed at the proper time will help in the destruction of many pests. It is, of course, necessary to collect the insects which gather under these traps every day, and the traps should be replaced in different areas. They are of particular value against cutworm, squash bugs, slugs, and snails. They attract also other pests. In the case of cutworms, poison baits are frequently placed under such traps and found of great value.

FOLEY'S HONEY AND TAR

A COUGH that threatens to rip and tear out the lining of the throat, that seems to jolt and jerk the chest beyond endurance, and causes an echoing thump at the back of the head as if you were hit with a sledge hammer—such a cough needs a cooling, soothing medicine like Foley's Honey and Tar Compound to coat the raw, inflamed surfaces with a healing balm.

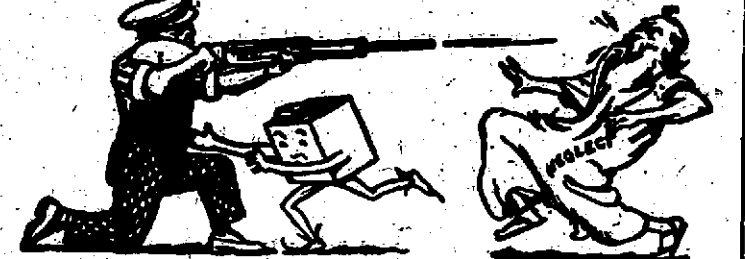

Foley's Honey and Tar Compound has been used in many instances of severe bronchitis, la grippe and other racking coughs that debilitate.

What Foley's Did For One Man
J. D. Entenkin, Winston, Ga., writes: "Several years ago I had a terrible attack, both lungs being inflamed. After recovering somewhat my lungs never 'cleared up' and I suffered severe pains, which I had for three months and couldn't get well. I got one 50c bottle of Foley's Honey and Tar Compound and it alone entirely cured me. It took all the soreness away and cleared my lungs. It is the most valuable medicine I ever used. I cheerfully recommend it."

This old standard remedy seems to get right at the seat of trouble, almost instantly relieving the agonizing tickling in the throat, clearing the passages, banishing that persistent irritation which instigates the paroxysms of coughing. One or two doses produce a desirable and welcome result.

Are You Prepared?
Foley's Honey and Tar Compound should be in every home. No cold should be neglected, however slight. It should be taken in hand promptly and checked just as soon as possible. The longer it lingers the worse for the sufferer. So don't experiment. Get the genuine Foley's Honey and Tar today and have it ready for coughs, colds, croup, whooping cough, la grippe or bronchial coughs. In 25c, 50c and \$1.00 sizes.

FRIEND OF LABOR

Whose Daily Vocation is to Counsel With and Advise His Fellow Man Concerning His Labor Problems Tells of Physical Relief.

READ HIS WONDERFUL LETTER

Dayton, O., July 17, 1917.
To whom it may Concern:

In December, 1912, I was the victim of a stroke of paralysis, the entire left side being affected. After more than four years of suffering, during the great part of which time I was under a physician's care, I was advised by an old-time friend (name furnished upon request) to try Hull's Superlative Compound. Representative of the Hull remedy had arranged with the Dayton News for an advertising campaign, and had, of course, explained the benefits to be derived from its use, and knowing my physical condition, my friend asked them to call on me. He told them that "if you can put Murray on his feet you will have done a wonderful thing." That's what Hull's Superlative Compound did—put me on my feet.

When I started taking Hull's I quit my physician. Several weeks later I met him on the street, and he greeted me with: "Well you sure do not look like a dead man."

The day my friend told me about Hull's I had met him at Fifth and Ludlow, and had asked for and receiving his assistance in getting across to my office.

Many Dayton friends know what my physical condition was several months ago, and they know what it

is now. Hull's Superlative Compound is entirely responsible for my present greatly improved physical condition. I am out hustling every day, and am confident that within the next few weeks I will be entirely well.—E. B. Murray, Business Manager, The Labor Review.

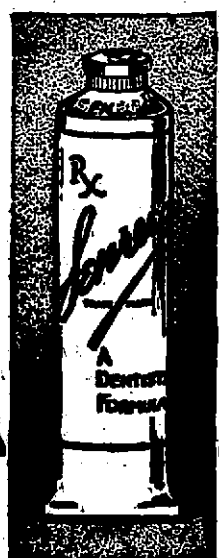

What this remedy did for Mr. Murray it should do for you. The first dose usually proves its marvelous healing power. Hull's Superlative is nature's great remedy, made from roots, barks and one berry. For twenty years it has produced truly astonishing results when taken for rheumatism, colds, grip, tonsillitis, stomach, kidney and bladder trouble, dropsy, paralysis, infantile paralysis, etc. Hull's Superlative is sold by all druggists on a positive money-back guarantee, and any man or woman who is sick or ailing—no matter what the condition or how serious—should lose no time in taking this preparation, for if it does not help you your money will be returned.

Hull's Superlative is sold by all druggists on a positive money-back guarantee, and any man or woman who is sick or ailing—no matter what the condition or how serious—should lose no time in taking this preparation, for if it does not help you your money will be returned. (Adv.)

A Purposeful Formula

Senreco's formula is not "just a little of this and a little of that."

It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal defined, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—25c.

HOOSIER TEACHERS SCARCE AT PRESENT

Unless Supply Is Enlarged Standard for Instructors Will Be Lowered Next Year

TEACHERS ARE IN WAR WORK

Indianapolis, Ind., April 20.—The Hoosier school masters and mistresses are a scarce article. The state has never faced such a shortage of teachers as at present, according to school officials.

Dr. Horace Ellis state superintendent of public instruction, indicated today that unless a big supply is found soon the standard for instructors will have to be lowered next year.

A great many of the teachers have gone into Red Cross work. Others have gone into plants and offices to do their bit for winning the war in that way and to take advantage of the better salaries offered. Educators declare that if the situation is not remedied at once the state in after years will show the effect of the lack of instructors.

As the spring examinations held in March, only about 800 took the tests while ordinarily there should have been nearly 1,200. The shortage when school opens next year, it is estimated, will be twenty percent.

HOGGING OFF CORN WILL REDUCE LABOR

The Possibility of Thus Reducing Labor is One of the Big Assets in the Farm Problem

HAS PROVEN SUCCESSFUL

Farmers of Rush county can reduce the labor of harvesting their corn next fall considerably and profitably, if they make plans now to hog off a larger part of it than usual, according to Marion Detrick, Rush county's emergency agent.

"Each farmer who arranges his corn planting so that he can let the hogs harvest part of it next fall will save at least a day's labor for each acre of corn hogged off," declares Mr. Detrick. "This means that if each farmer in Rush county who grows corn and feeds it to hogs were to hog off ten acres there would be a saving of 17,410 work days."

"The possibility of saving labor on the farm next fall by hogging off some corn," says the emergency agent, "makes it worth while for every farmer in the county to plan now to harvest a part of his corn in this way. He can add to his profit from doing this by planting a field or part of a field as early as possible and sowing soy beans with the corn."

This method of handling the corn or at least part of the corn crops not only saves labor but it also economizes and is profitable, as hog feeding trials in all parts of the state have shown.

Mr. Detrick is still anxious concerning the corn crop of Rush county for this season and will gladly be interviewed by any farmer regarding his supply of corn or the methods of planting.

Olive Tell will appear at the Gem Theatre tonight. 4011

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof We publish the formula of Vinol to prove convincingly that it has the power to create strength.

If you suffer from Weakness, Nervousness, Indigestion, Headache, and all the ailments that result from a weak system, Vinol will cure you.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

Vinol is sold by all druggists and at the best drug stores in every town and city in the country.

LEE NIXON IS NAMED ASSISTANT SECRETARY

Former Rush County Man to Serve on Republican National Committee at Washington

IN WAR WORK FOR LAST YEAR

Lee Nixon, a native of Carthage and formerly a resident of this city, has been appointed assistant secretary of the republican national committee and will assume his duties at the Washington headquarters next Wednesday where he will be associated with James B. Reynolds, the secretary. Since the creation of the National Council of Defense, Mr. Nixon has been at the head of the war intelligence bureau of that body and his work has won favorable comment, Washington dispatches say.

After leaving Rush county, Mr. Nixon worked on the Indianapolis Journal and then went to Washington as secretary to the late Representative Jesse Overstreet and later spent seventeen years in Porto Rico, serving as postmaster at San Juan for several years. He assisted in the campaign management of Senator Harry S. New and is also a close personal friend of Chairman Hays and Senator Watson. He is a member of the Indianapolis Marion Club and an active member of the Indianapolis Typographical Union. He is thoroughly familiar with the government's war activities. Mr. Reynolds and Mr. Nixon will have complete charge of Washington headquarters, which, it is understood, will be the principal offices of the Republican national organization. Mr. Nixon from 1893 to 1895 was city clerk of Indianapolis.

REAL CIRCUS IS COMING

Gentry Brothers Will Show Here Friday, May 17.

Rush county boys and girls—all ages—may breathe more freely now, because its a dead certainty that a circus is comin' to town. The Gentry brothers show will arrive in town bright and early Friday morning, May 17.

Because of the transportation situation circus owners throughout the country had felt some fear that they would not be able to "take the road" this summer but since the situation has cleared up to a certain extent, the men are busy polishing up the spangles and giving small boys their first notices of carrying water to the elephants.

Amusements

Ohve Tell at the Gem

Miss Olive Tell, whose work on the screen is immensely popular, has been given a role which suits her admirably in her new Mutual-Empire production, "The Girl and the Judge," which will be seen at the Gem Theatre today. This sensational drama deals with a kleptomaniac in high life and with her efforts to overcome an irresistible tendency to steal. This tendency leads to many complications in the plot which is one of unusual interest and strength. Miss Tell is well supported by a strong cast with David Powell, one of the best actors in America, playing opposite her.

Ethel Clayton at Princess

Never was Ethel Clayton so charming as she is in the new Brady production in which she is being shown at the Princess today entitled, "Stolen Hours." As an extra feature the Ford Educational Weekly will be shown. Tomorrow Jack Pickford, the most successful portrayer of youthful roles in the film world will be seen in Mark Twain's famous story, "Tom Sawyer." This film, like the story, is for young and old alike, it being one of almost universal appeal. Every one has read and laughed over the adventures of Tom Sawyer and it will be a real "movie treat" to see these adventures presented on the screen. Wednesday, dainty Mae Marsh will be shown in the well known story, "The Cinderella Man."

Olive Tell will appear at the Gem Theatre tonight. 4011
